

Genius ScrollToo T955

When you plug MINI Dongel, you system should detect that and your device will be ready in a few seconds.

In case when the wireless channel is not match, please try to reset that as the steps below.

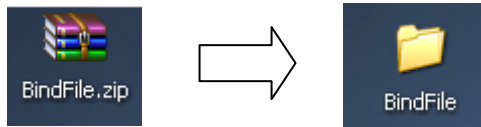

1. Find the BindFile from the CD or download from Genius' web site.

A screenshot of the Genius website. The page features the Genius logo and the slogan "Live with Ideas". Below the logo is a table with product details for the ScrollToo T955. An arrow points to the "File Name" field, which contains "BindFile.zip".
