

ECO-u306

Economical Sleek Universal Power Bank with Safety Protection

Want to stay connected even if the power in your smartphone is low? Then try the ECO-u306 power bank from Genius. It's a brand new 3000mAh power bank you can take wherever you go. It provides you with extra power when your smartphone battery is running low.

ECO-u306 is ultra-thin at 10mm, sleek and ideal, and has a single USB port with a stable 1 amp current to power your smartphone quickly. Plus, it has a built-in micro USB cable to easily connect to your micro USB device anytime, anywhere, and comes in four vibrant colors.

ECO-u306 has a one year limited warranty and US\$ ten million worldwide product liability insurance.
